## Part 2:

# 20<sup>th</sup> Century Photo Project

- Write a one page, first person account of your experience in the photo. Include important factual information along with your personal thoughts as a person in the photo.
- Essay Format: Margins should be 1 inch, 12 pt Arial font, 1.5 line spacing. Include a title and by line at the top of the report.

## 20<sup>th</sup> Century Photo Project

### Example:

Hi! I'm Rosie the Riveter! Because our fathers, brothers, sons, uncles, nephews and grandfathers have all gone to war, I believe women must do their part and help in the work place. As women, we need to prove that we can do hard things like the men. Women aren't just meant to stay at home to cook and clean. We need to help the war effort. If you are alive and breathing, you can help in so many different ways! I believe we must do our part to show some major girl power and do the jobs the men normally do 100 times better! If you think it's impossible, you're wrong! Even a small job we do can change our future and help us get that much closer to seeing our men again. A lot of people tend to underestimate the effort we can make as women. We have to ignore them and be different. If we can do our part to work in factories, help build war supplies, grow our own food or even pray for the soldiers who are fighting for our freedom, America and it's allies have a way better chance of winning the war. It is going to be difficult, challenging, trying and a little scary to change our lifestyles, but it's for America's own good! So do your part and show the world what women can do! You can make a difference and you can change lives! So take a deep breath and smell the exhaust. It will be a bumpy road ahead, but the destination is going to make America a home again. Come on ladies! We can do it!

# CAUTION!!!

Don't use  
Photoshop if  
you don't know  
what you are  
doing!!
